

## Suggested Guidelines

Science Fair Posters may include the following components:

- Student Name
- High School
- Grade Level
- Title
- Abstract
- Question
- Variables and hypothesis
- Background research
- Materials list
- Experimental procedure
- Data analysis and discussion including data chart(s) & graph(s)
- Conclusions (including ideas for future research)
- Acknowledgments
- Bibliography

Velcro Pads will be attached to the back of the poster to secure the board to the stand.
